FREQUENTLY ASKED QUESTIONS

How long will the Concrete Sleeper last?

Concrete Sleepers last a lifetime. They are fireproof, will not split, warp, flake or rot, and are white ant / termite safe. They are maintenance free and will never have to be replaced.

How difficult is installation?

Concrete Sleepers are assembled without nuts, bolts or screws.

What about painting?

The colour is right through the concrete, not just painted on the surface. They will never need painting.

How heavy are the Concrete Sleepers?

60mm Concrete Sleeper weighs 45kgs.
60mm 1/2 Concrete Sleeper weighs 23kgs.
80mm Concrete Sleeper weighs 65kgs.

What size are the Concrete Sleepers?

1750mm L x 190mm H x 60mm W
1750mm L x 190mm H x 80mm W
875mm L x 190mm H x 60mm W

How strong are they?

Very strong. we use 25MPa Concrete and 2 lengths of 1/12 bar per sleeper. They are very tough.
